No. 22

Tryouts Begin Monday For Musical Comedy

A Broadway musical comedy, sprinkled liberally with Omaha U student talent, will start another tradition toward a program of "bigger and better" entertainment shows. The musical selected for the first production is "Anything Goes," with music and lyrics by Cole Porter.

The 1953 talent show will have the framework of this professional musical comedy with student singers, actors and specialty acts fitting into the musical play.

The setting and songs of "Anything Goes" welcomes all talent from jugglers to mimics, singers, dancers, musicians, and comedians. Tryouts for "Anything Goes" will be held in the auditorium Monday, Tuesday and Wednesday from 7 to 9 p. m.

Dr. Edwin L. Clark, faculty director, urges everyone to try out either with their own specialty act or with one of the songs from the original script. "The show can be revised to include any type of talent act, and yet provide a professional continuity to the performance," commented Dr. Clark.

Some of the songs from "Anything Goes" are "You're the Top," "Anything Goes," "All Through the Night," "Blow, Gabriel, Blow" and "I Get a Kick Out of You." The talent tryouts will be judged by Student Council members Syntha Judd, Marilyn Sibert and Irvin Jones, assisted by faculty members Richard Brewer, Dr. Robert Fiester and Dr. Clark. "Anything Goes" will be presented Feb. 20 and 21 in the University Auditorium.

Col. Woods Lists New Wing Staff

A new cadet wing staff for OU's AF-ROTC unit has been announced by Lt. Col. Allen H. Wood, University P/AS&T.

Commanding the new staff is Cadet Capt. Glen Gowen. His executive officer is Cadet 1st Lt. Gordon Morphew, while Cadet Capt. Frank Schuchart will serve as director of operations.

The new director of personnel is Cadet 1st Lt. Paul Fessler and Cadet 2nd Lt. Glen Danielson will take over as cadet air adjutant general. The director of testing is Cadet 2nd Lt. John Courtright.

The three new group commanders are Cadet Capt. Robert Biegel, Cadet Capt. Ray Hampton and Cadet Capt. Burton McMillan.

Students May Take Proficiency Exams

Students interested in proficiency examinations in typing should report to Room 277 next Friday. Dean John W. Lucas of the College of Business Administration said that Leta Holley, business professor, will give the examination then. Students having conflicts in schedule should report to Miss Holley before Friday.

Debaters Travel To Kansas Meet

For the first time Omaha University debaters have been invited to the Kansas State Teachers College Invitational Meet. The tournament will be next Thursday and Friday in Pittsburg, Kansas.

Tryouts were held at the homes of Sharon Erdkamp and Duane Post Tuesday and Wednesday night.

Alums Eileen Wolfe and John Madden, former debaters, heard the tryouts on Wednesday and will help guide the affirmative cases.

J. D. Tyson, debate coach, will accompany the group.

Seniors: Report To Tomahawk

All seniors who have not been notified of their picture appointments or filled out activity information cards are asked to report to the Tomahawk office this week.

Pictures are being taken this week at Skoglund Studio. Proofs may be picked up at the Tomahawk office two days after the picture is taken.

State Legislators Draft Auto Tax To Aid University

The first draft of a legislative bill has been drawn up which would permit Omaha University to continue to receive tax funds from the Nebraska automobile levy. The bill will be introduced in the state legislature during the current session.

Such a bill became necessary when Nebraska voters passed a constitutional amendment which gave the legislature the authority to change the present auto tax system. The amendment designated state, county and city subdivisions and school districts, but left out municipal universities and junior colleges.

If Omaha U. is left out of the present bill, the University would lose nearly \$100,000 per year from tax funds.

Charles Hoff, University finance officer, said that OU officials and Regents have expressed praise for the legislative committee which drafted the proposed bill. He added that the committee extended "all possible courtesy" to University officials while they were drawing up the bill.

As explanation, the present plan of taxation calls for each car being assessed on March 10. Thus, cars purchased after that date are not taxed until the following year. The new bill would require the payment of taxes at the same time that licenses are bought for the car, regardless of the date of purchase.

One other problem confronts the University. At present, cars are actually assessed at nearly twice the formula used for other personal property. If the formula were changed, as is contemplated, to correspond with personal property, the University could lose between \$45,000 and \$50,000 per year.

Tuck Moore, '52, Will Return to OU

A former Gateway editor has been hired as an assistant in the Office of General Printing and Information. Director Robert S. McGranahan announced this week that Thomas E. "Tuck" Moore will return to the University Monday.

Moore, a '52 graduate, was editor-in-chief of the Gateway last semester. Since then he has been employed by the Council Bluffs Nonpareil. He replaces another graduate, Glen Bowker, who resigned in November.

Humor Mag for OU?

In the past few years we have heard many ideas on humor magazine for OU.

It may become the project for the press club to put one out with the following very important prerequisites: a demand, and an appropriation by the school.

You can furnish the demand by writing to Humor Magazine, publications office, University of Omaha. Send in your letters now!

Final Exam Schedule

Final examinations for first semester classes will begin next Thursday and will continue through Wednesday, Jan. 28.

Thursday, Jan. 22
8-10 8 MWF or all days
10:15-12:15 11 T-Th and Bus 121
1-3 1 MWF or all days

Friday, Jan. 23
8-10 9 MWF or all days
10:15-12:15 9 and 9:30 T-Th
1-3 10 T-Th and 3 T-Th

Saturday, Jan. 24
8-10 English 109, 111, 112

Monday, Jan. 26
8-10 12 MWF or all days
10:15-12:15 8 T-Th
1-3 12 T-Th

Tuesday, Jan. 27
7-10 1 MWF or all days
10:15-12:15 1 T-Th
1-3 2 MWF or all days
2:15-2:55:15 2 T-Th

Wednesday, Jan. 28
8-10 10 MWF or all days
10:15-12:15 3 MWF or all days
1-3 2nd part of Humanities

Air Force Will Take Weather Students

University students who will graduate in January or June of this year, and who meet the requirements, will be eligible to take special training and become Air Force Weather Officers, according to Lt. Col. Allen H. Wood, OU P/AS&T.

The academic qualifications are one year of physics and college mathematics through integral calculus, and a college degree. Seniors who are accepted for meteorology schooling will attend a nationally-known university as a second lieutenant and receive full pay and allowances while on duty as a student. Graduating AF-ROTC seniors, who meet the qualifications, can apply directly for the weather training. Other male graduates must apply to a screening board for acceptance.

Credits received during the one-year weather course may be applied toward a master's degree. After completion of the course, the student will serve a three-year tour of duty as a weather officer.

Since only a limited number of applicants will be accepted, interested and qualified students should contact Lt. Col. Wood as soon as possible in the central AF-ROTC office.

Regents 'Indefinitely Table' Question of Stadium Lights

The question of lights for OU's football stadium has been tabled indefinitely by the University Board of Regents.

According to Charles Hoff, University finance officer, this official statement "does not infer that the matter will be reconsidered. Neither does it close the door to reconsideration. However," Hoff said, "it probably won't be considered again this year."

Hoff added that the Board does not feel that lights have the next priority in campus development. The next step, they feel, is the planning of the library and Student Union buildings.

The Board made its decision after a report by Thomas Quinlan, head of the Regent athletic committee. Quinlan reported on a meeting Dec. 17 of a faculty athletic subcommittee, two student representatives and himself.

Discuss Problems
The faculty group consisted of Charles Bull, chairman, Robert McGranahan and Roy Nolte. Representing the students were Burt McMillan, Gateway editor-in-chief, and Ray Hampton, Student Council president.

Also present were Regent Pres-

Present Students Register Monday

Advanced registration for second semester will begin Monday and continue through Friday. Registrar Alice Smith said this registration period is for students now enrolled in the University.

OU "Grain of Sand" Goes on Sale Today

"Grain of Sand," the University literary magazine, will go on sale in the bookstore either today or Monday. Dr. Robert H. Harper, faculty adviser, said that the magazine will be delivered from the printer "one day or the other."

Contributors for the issue include A. Fred Bridgman, A. W. Turnbow, Jean Janzan, Joanne Larkin, Robert Rice, Anne McConney, Phyllis Brisby, Eileen Brown, F. M. Paulsen and Lyle Hopkins.

This is the second issue of "Grain of Sand." The first was distributed last spring. Price will be 45 cents, the same as the first issue.

The literary magazine is a collection of fiction and poetry written by English students and edited by a student-faculty editorial board. Those on the board for this issue are Mrs. Brisby, chairman; Charles Murray, Turnbow, Marianne Yates and Miss McConney.

'TV Classroom' Switches Time

The "TV Classroom," university television program, has changed its program time effective last Monday. The program can be heard at 2-2:15 p. m. on Monday through Friday on station KMTV.

Dr. Wilfred Payne, head of the Humanities department, is in charge of the next series. His topic will be "Great Men in Philosophy," a survey of modern philosophers. Dr. Payne will be making his second appearance in the series. He inaugurated the series last spring on a general survey course in Humanities.

Dr. Payne is replacing Dr. Martin W. Bush, music professor, who was scheduled to present the "Music Masterpieces" series, but due to the change of time and university commitments, was unable to take the program.

Miss Smith said registration materials will be available to all students during the week. She urged everyone to see their counselors and arrange their schedules during next week.

If students do not register during advanced registration, they must wait until Jan. 29 and 30, when new students will register. Miss Smith expects a high enrollment due to "more veterans returning to civilian life."

"Careful consideration in making out schedules would save time for the counselor, student and our office," Miss Smith said.

Second semester classes will begin Monday, Feb. 2. Tuition fees must be paid by noon, Jan. 31. A late fee of \$3 will be charged during the first week of the semester, increasing a dollar a week thereafter.

The College of Adult Education also will open registration Monday, with classes beginning the same time as day school.

Band Members Win Awards for Service

For the first time members of the University band have won letters for their participation in that group. Dr. Robert W. Fiester, band director, announced that 22 students received awards during band rehearsal Monday.

Dr. Fiester described the awards as "red letter O's with the Ouampli symbol in the circle." To be eligible for the emblem, a student must have been enrolled in the band for a year and "have given full cooperation to the group."

In the future, two types of keys will be given for special recognition. Three-year members will receive sterling silver keys. Those who serve four years and have given "outstanding service" will receive gold keys at graduation.

Students earning awards include Dick Bauer, Ken Borchert, Don Bucknam, Benman Burns, Dona Chase, Peggy Cooke, Vivian Cotton, Bob Dain, Frank Dinges, LaRue Garrett and Fred Homan.

Others include Jim Lohr, Ves Mallory, Betty McMahon, Sherry Nevins, Ken Olson, Joe Slavik, John Sterla, Faith Stitt, Johnny Vana, George Wheeler and Jimmy White.

Seniors Meet Today

Seniors will meet from 12 to 1 today in room 303.

A report on plans for the dinner dance will be given by the committee. Further plans for commencement will be discussed in addition to talk about senior fees.

Senior class president Askel Schmidt asks all seniors to attend.

SAC Shows Film To ROTC Cadets

The AF-ROTC, in co-operation with Offutt Air Force Base, presented two showings of the film, "What Is the Mission of SAC?" in the auditorium yesterday.

The picture relates a simulated B-36 non-stop bombing mission from the time the plane takes off at Offutt, flies to Newfoundland, and returns via the South Arctic to "drop" the Atomic bomb on Minneapolis.

Lt. Col. Wayne Seward, chief of the flying safety branch of the SAC, introduced the film and answered questions.

AROUND

Opinions On Marriage Differ As Coeds Sport Diamonds

The recently enlarged collection of diamond rings owned by University coeds has resulted in several comments—pro and con opinions of marriage.

A group of girls were overheard in the "Shack" totaling up the number of girls they knew who were married or engaged.

One of the girls was overheard to say, "Wouldn't it be wonderful to be married! A girl wouldn't have anything to worry about."

One of her friends quipped, "Well, after all, nations make alliances for security reasons."

ROTC cadets were told recently that upon receiving an active commission they will receive salaries of \$340 if single, \$355 if married.

Some cadets were overheard mumbling that "It oughta be worth at least \$15 to stay single."

He Had Reason

The age-old theory that the "ref" is blind made some sense at the basketball game last Monday.

Carol Gast, one of the referees for the game, got his glasses knocked off during a jump-ball play early in the second quarter. Finding a bow of the glasses broken, Gast shoved them into his pocket and continued refereeing, squinting throughout the quarter.

During the half, he retired to the first aid room, where his glasses were taped back together.

And They're Pals?

One of two friends dating the same girl was "taken" recently by his buddy.

Planning to take the girl to the Sophomore Cotillion, the one friend asked the other to find out what color formal the girl would wear and what kind of corsage she would like. He was then to order the flowers for his buddy and have him billed for them.

Since the second friend had a date with the girl for the evening following the Cotillion, he decided to order an extra special corsage so that she could wear it again for their date.

Calling for his Cotillion date, the first friend found the girl sporting the "extra special" corsage—a \$14 orchid.

'Pistol Packin' Cops

Students at OU may feel lucky compared to students attending the University of Miami, Fla.

Policemen stomp the grounds with loaded pistols at the Florida University. None of the students have been shot, but several have experienced looking down the wrong end of the barrel while unlocking professor's office doors (legally) or upon driving around the campus after midnight.

OU once had a campus cop. He called himself "Officer No. 2" and arduously tagged violators of traffic regulations, unarmed.

New Year Morn Finds Mice Quiet

By Kay Julian

'Twas the morn of the New Year, when all through the house, Not a creature was stirring, not even a mouse.

The bottles were stacked in the chimney with care, In hopes that my mother-in-law would not look there.

And Mamma in her kerchief, and I in my cap had just tumbled into our beds,

With visions of congo drums dancing in our heads;

When up on the landing there arose such a clatter, Holding my head I opened one blood shot eye to see what was the matter.

Down the stairs junior flew like a flash,

Bumped into the halltree, it fell with a crash.

Soon he was parading with left-over hat and horn, And I wished to high heaven that I'd never been born.

'Twas the morn of the New Year and all through the house Not a creature stirred, not even the mouse.

The bottles and Junior were stacked in the chimney with care,

While Mamma and I had settled down at last with our ice packs,

And as the room spun slowly out of sight, I whispered,

"Happy New Year to all and to all a good night."

Prof Shows Doubters

A bio-science teacher at Michigan State told his class he was disgusted because so few of his students believed in flying saucers. Then he reached into a bag and started hurling china plates across the lecture room.

How seldom we weigh our neighbor in the same balance with ourselves!—Thomas A. Kempis.

Plane Output

The nation's plane output for military use is slated to hit a post-Korean peak next spring, with plenty of production capacity still remaining in case of an emergency. Production of air-force craft reached 866 in November and will hit a top of between 750 and 800 a month next spring, to taper off to about 200 a month by June, 1956, according to Roswell Gilpetric, Under Secretary of the Air Force.

Thoughtful Type

I serve a purpose in this world on which no man can frown. I quietly sit in every class and keep the average down.

Varsity News
University of Detroit

Ambition is fine as long as it doesn't result in the trampling of other peoples' rights.

ARE YOU TOUGH ENOUGH FOR THIS JOB?

If you can make the grade, the U. S. Air Force will award you a commission, your wings and pay* you over \$5,000 a year!

CAN YOU "take it" 6 days a week? For 52 weeks? Can you meet the high standards required to be an Aviation Cadet? If you can—then here's a man-size opportunity! An opportunity to serve your country and build a personal career that will fit you for responsible positions both in military and commercial aviation.

It won't be easy! Training discipline for Aviation Cadets is rigid. You'll work hard, study hard, play hard—especially for the first few weeks. But when it's over, you'll be a pro—with a career ahead of you that will take you as far as you want to go. You graduate as a 2nd Lieutenant in the Air Force, with pay of \$5,300.00 a year. And this is only the beginning—

your opportunities for advancement are unlimited.

ARE YOU ELIGIBLE?

To qualify as an Aviation Cadet, you must have completed at least two years of college. This is a minimum requirement—it's best if you stay in school and graduate. In addition, you must be between 19 and 26½ years, unmarried, and in good physical condition.

YOU CAN CHOOSE BETWEEN PILOT OR AIRCRAFT OBSERVER

If you choose to be an Aircraft Observer, your training will be in Navigation, Bombardment, Radar Operation or Aircraft Performance Engineering.

New Aviation Cadet Training Classes Begin Every Few Weeks!

HERE'S WHAT TO DO:

1. Take a transcript of your college credits and a copy of your birth certificate to your nearest Air Force Base or Recruiting Station. Fill out the application they give you.
2. If application is accepted, the Air Force will arrange for you to take a physical examination.
3. Next, you will be given a written and manual aptitude test.
4. If you pass your physical and other tests, you will be scheduled for an Aviation Cadet Training Class. The Selective Service Act allows you a four-month deferment while waiting class assignment.

Where to get more details: Visit your nearest Air Force Base or Air Force Recruiting Officer, OR WRITE TO: AVIATION CADET HEADQUARTERS, U. S. AIR FORCE, WASHINGTON 25, D. C.

Omaha U. Cagers Journey to Peru

Indians Eye Third Straight After 54-45 Win Monday

Omaha University will seek its second win over Peru State Teachers College tomorrow night when the Indians travel to the Bobcat's home court.

On Dec. 9, the Indians had to produce a torrid last period rally to overcome the Peruvians 45-40 in the Bobcat's season opener.

Last Monday, the Indians looked ragged after a three-week lay-off in their 54-45 decision over Iowa Central.

With Peru on their own maples, OU will have to sharpen its play if the Red and Black plan to cop the return engagement.

Led by lanky Bob Davis, high scoring center, the Peru five is an annual power in the Nebraska College Conference.

Davis Leading

One of the leading small college point makers in the nation last year, Davis is death near the basket with his hook and jump shots.

In the December contest with OU, he meshed 16 counters while last campaign when Omaha won both games, he dunked 28 and 24 points against the Indians.

Number two man in the Bobcat attack is Ned Eckman, the Teacher's playmaker and second high scorer.

OU Wins 5

Omaha has won five of seven tussles this season including wins over College of Emporia, Morning-side, Wayne State, Iowa Central and Peru.

Both setbacks were at the hands Kansas teams during the Christmas vacation, Washburn (70-58) and Fort Hays (80-67).

Bob Mackie has been the spark-plug of the Indians in the past with no sign of a letup, while the return of Fred Shinrock to top form has bolstered the OU machine.

Shinrock, who broke his toe in the Fort Hays fray, sat out the Wayne game but turned in a fine performance against the Iowans last Monday.

Moscrey Steps Up

Bob Moscrey was the shining light in his first starting role with 13 points and should be a fixture in the future basketball maneuvers at OU and especially tomorrow night against the hustling Bobcats.

Veterans Bob Rose and Don Claussen are looking better as the season progresses and will be a thorn in the side of the Peru squad.

Probable Starters

F—Bob Rose (6-1)
F—Fred Shinrock (6-4)
C—Don Claussen (6-4)
G—Bob Moscrey (8-0)
C—Bob Mackie (5-11)

Iowans Fall

Coach Virg Yelkin's cagers-turned tumblers fought and then coasted to a 54-45 victory over Iowa Central College Monday.

Usually there were basketball players sprawled on the Omaha maples during the wild first half that had the sparse crowd in stitches most of the time.

The starting five for Omaha sputtered, but managed a 21-12 lead mid-way in the second period when Yelkin broke up the combination with a new team.

This five was even more hilarious than the first and soon frittered away the lead. Center Larry

Johnson scored on a tip-in which gave OU a 28-24 lead at the half.

Indian Tumblers

The Indians played like they just finished a refresher course in tumbling. In fact, the antics of the hoopsters nearly equaled those of the half time entertainers on the trampoline.

During the wild first half, a player on the floor midway between the sides had his life in his hands. He could be stomped to death by officials and players alike parading back and forth to the free-throw line.

Omaha starters began the second half and after six minutes of clowning found themselves on the short end of a 30-34 score. Then Bob Moscrey, who held OU together the first half, hit three archers to shoot Omaha back into the lead for good.

Fred "The Toe" Shinrock found his eye in the last half and accounted for ten Omaha points.

Graham Held Down

The best the "Cloak and Dagger Club" from Pella, Iowa, could manage was Bob Graham with eleven markers. A tight Indian defense held high scoring Bob Vanderlinden to eight points.

Yelkin mystified Omaha rooters by yanking Moscrey in the first half instead of the other guards who were filling the air with basketballs.

Moscrey Smooth

Moscrey turned in a smooth performance and topped scoring with 13 points, something that he was bound to do if given a chance.

With little over a minute left to play in the game, Yelkin inserted his five up from the Papoose team. The combination of Bill Graddy, Howard Baker, John Cottrell, Tony Roth and Don Hansen held their own with the Flying Dutchmen although they didn't have any offensive punch.

Game Captain Lee Nelson fouled out of the fray early in the third quarter after accounting for three points.

Thirteen Teams Enter Class 'A' Competition

Intramural Director Ernie Gorr stated that he has set up a complicated, but efficient intramural basketball schedule.

Thirteen teams have entered the A league in intramural basketball, and this makes it impossible for the teams to carry out the normal round-robin schedule.

All teams have been divided into four leagues, and each league will determine a winner through round-robin play. The league champions will play single elimination games to decide a sweepstakes champion, and runner-up.

Runner-up Separate

The runner-up in each league will enter a separate playoff. The winner of this playoff will be placed third in the sweepstakes standings.

The other two teams in the championship bracket that are eliminated in the semi-finals will be fourth and fifth in the sweepstakes, and the runner-up in the secondary playoff will be placed sixth.

Six in B League

Six B teams have entered the intramural league, and they will play the normal round-robin schedule to determine a champion.

Intramural league play began Wednesday in the fieldhouse. In the A league Jan. 12, Delta Sig will play Lambda Chi, and Sig Ep will play the ROTC. The Pawnees will take on Phi Ep's Jan. 13. B team games will also start Jan. 13. At 1 p. m. Pi Kappa Alpha will play ISA, and at 2 p. m. Lambda Chi will play the ROTC.

Sports Quiz

1. Who is Archie Moore?
2. What great pro footballer recently retired after 16 pro years?
3. In what bowl did Alabama play this year?
4. With what sport do you associate the Baltimore Bullets?

THE ANSWERS

1. The new light heavyweight champion.
2. Sammy Baugh.
3. The Orange Bowl.
4. Basketball—the Bullets are a pro team.

Rifle Team Faces Heavy Schedule

Starting Monday the University of Omaha's Air Force ROTC rifle team will fire the first stage of the Air Force Intercollegiate Rifle Match. The firing will be completed during the second week in February.

Wednesday afternoon, Creighton University and OU had a shoulder to shoulder match, but the results were not available at the Gateway deadline.

The first and second teams are firing the finals of the William Randolph Hearst Trophy match, which is a national match open to all ROTC units.

Other rifle team plans include the Mid-State and the State Indoor Gallery matches in Grand Island during February and March, respectively.

Most important is the Booneville, Missouri, small bore National Rifle Event on March 6 and 7. Present plans call for two teams to travel, one of basic cadets and the other composed of advanced cadets.

The more one talks the less strength he has in the conversation.

From the Sports Desk . . . They Are Right

Track 'Call'

Coach Ernie Gorr wants all indoor track candidates to attend the first weekly squad meeting Thursday, Jan. 18, at 3 p. m. in the OU Fieldhouse.

Anyone who cannot possibly be at the meeting in his office is to contact Gorr privately.

The track team captain will be elected at this meeting.

Alpha Xi Delta Heads OUWI Bowling Chase

Alpha Xi Delta clung to the top of the ten-team OUWI bowling league after Monday's weekly alley battle at the Forty Bowl.

The Alpha Xi entry sports 29½ wins and 9½ losses for a 1½ game edge over second place Sigma Kappa. Chi Omega Owls are in third place with a 26-13 mark.

In Monday's competition Chi Omega's Corinne Houser took high game-of-the-day honors with a 162 mark. Jean Mathiasen of Sigma Kappa scored first in the series competition with 398.

By Frank Schuchart

During the holidays, the faculty athletic committee and the Regents athletic committee met at a joint meeting for the purpose of deciding the issue of lights for the Omaha University stadium.

After due consideration the matter was tabled. By tabling the matter it can be considered dropped. Even though Roberts Rules of Order say that a tabled issue can be brought up at any time for further consideration, we all know that in most cases a tabled issue is seldom discussed further.

At the meeting several reasons for not installing lights in the stadium were brought out. The big reason was money. At present, plans are well under way on a library and student union for OU. Installation of the lights would set those plans back.

The committee members feel that that reason alone is enough to warrant rejection of the lights plan. I am inclined to agree.

Even though I fought for lights in this column, the fact remains that the lights are not as important as the other planned improvements.

Hughes cooperative plan for

MASTER OF SCIENCE DEGREES

Purpose TO ASSIST outstanding graduates in obtaining their Master of Science Degrees while employed in industry and making significant contributions to important military work.

Eligibility June 1953 college graduates and members of the armed services being honorably discharged prior to September, 1953, holding degrees in the following fields:

ELECTRICAL ENGINEERING
PHYSICS
MECHANICAL ENGINEERING

Those chosen to participate in this plan will be from the upper portion of their graduating classes and will have evidenced outstanding ability. They must also have displayed some degree of creative ability and possess personality traits enabling them to work well with others.

Citizenship Applicants must be United States citizens, and awards will be contingent upon obtaining appropriate security clearance, as work at the Hughes Research and Development Laboratories may be related to National Defense projects.

Universities Candidates for Master of Science Degrees must meet the entrance requirements for advanced study at the University of California at Los Angeles or the University of Southern California.

Program Under this Cooperative Plan, commencing June 1953, participants will follow this schedule of employment at Hughes:
FULL TIME—from June, 1953 to Sept., 1953.
HALF TIME—from Sept., 1953 to June, 1954.
FULL TIME—from June, 1954 to Sept., 1954.
HALF TIME—from Sept., 1954 to June, 1955.
Recipients will earn five-eighths of a normal salary each year and attend a

university half time during regular sessions working on their Master's Degree.

The salary will be commensurate with the individual's ability and experience, and will reflect the average in the electronics industry. Salary growth will be on the same basis as for full-time members of the engineering staff. In addition, the individuals will be eligible for health, accident, and life insurance benefits, as well as other benefits accruing to full-time members.

For those residing outside of the Southern California area, actual travel and moving expenses will be allowed up to ten per cent of the full starting annual salary.

Tuition, admission fee, and required books at either the University of California at Los Angeles or the University of Southern California, covering the required number of units necessary to obtain a Master's Degree, will be provided by Hughes Research and Development Laboratories.

Approximately one hundred Cooperative Awards are made each year, if sufficient qualified candidates present themselves.

Candidates will be selected by the Committee for Graduate Study of the Hughes Research and Development Laboratories.

Application forms should be obtained prior to February 15, 1953. Completed applications accompanied by up-to-date grade transcripts must be returned not later than February 28, 1953. Selections will be made during the month of March.

ISA Keglers Lead Intramural Loop

Independents have gained a firm first place in the intramural bowling competition. Their 14 and 4 record gives them the biggest margin of the group.

The Interfraternity League is led by Lambda Chi Alpha who have won 10 and lost 2. The following are the complete results for the two leagues:

Intramural Bowling		
Team	W.	L.
ISA	14	4
Lambda Chi Alpha	12	6
ROTC	9½	8½
Pi Kappa Alpha	8	10
Theta Chi	7	11
Phi Epsilon Pi	7	11
Sigma Phi Epsilon	5½	12½
Interfraternity League		
Lambda Chi Alpha	10	2
Pi Kappa Alpha	8	4
Phi Epsilon Pi	6	3
Sigma Phi Epsilon	3	9
Theta Chi	3	9

Dances Highlight Social Calendar

By Lorrie Lemen

A full calendar of events are scheduled for the rest of this semester and next semester. Private parties by the different organizations have not been included in the list below.

For the remaining month of January, one main event has been planned. The annual Alpha Xi Delta "Devil Dance" to be held on Jan. 29, at Peony Park ballroom with Eddy Haddad and his orchestra. A King Satan will be crowned.

February is a month filled with activities of all kinds. Friday, Feb. 6 is the scheduled date for the Theta Chi Dinner Dance, "Dream Girl Prom," which is a formal affair for only Theta Chi's and their dates at the Athletic Club. The "Mardi Gras" Dance, Lambda Chi's annual all-Greek dance, will be held on Feb. 13. Feb. 27 marks the date for the annual Pi Kappa Alpha Formal, which completes this month's activities.

The Alpha Xi Delta "Rose Formal" dinner dance begins the run of events for March. This will be held March 6. On the following day the Art Clubs' "Beaux Arts Ball" has been scheduled. The following week, March 13 is

the Chi Omega's "Shamrock Shuffle." Greek Week will follow on March 20-21. The last event of the month will be the annual Sigma Kappa Tea Dance on March 26.

The month of April is filled with many activities. April 1, has been slated for the annual Junior Prom. On April 10, Sigma Phi Epsilon will present its "Queen of Hearts" dance. ISA

The next meeting of Independent Students Association will be held Monday, Jan. 12 at 7 in the Student Center.

The candidate for "Rose of Delta Sig" will be chosen and the date for the "Starlight Stroll" will be discussed. Dues for second semes-

Artists' Club Plans 'Beaux Arts Ball'

The Omaha University Art Club, "Brush and Easel," have started plans for an all-school dance, the "Beaux Arts Ball," to be held on March 7.

Plans have also been started for the annual art exhibit to be held in conjunction with the annual high school art exhibit. The contest is a traditional affair which was started last year. The five Omaha high schools as well as the Council Bluffs schools participate in the contest.

Only members of the "Brush and Easel" club may participate from the University. Awards will be given to the college winners at the intermission ceremonies of the "Beaux Arts Ball." The winners from the high school division will be announced at a "coke" party.

Pi Kappa Alpha Plans Alum Banquet Feb. 22

Pi Kappa Alpha's are making plans for an initiation of Theta Phi Delta Alumni into Pi Kappa Alpha alumni to be held on Feb. 22. A banquet will also be held that same evening. Duane Post is chairman of the banquet.

The first issue of the chapter newspaper will come out next week. Duane Post and Chuck French are co-chairman of the newspaper.

ter membership will be due by the first of February.

Waokiya Committees Revise Requirements

Secretary Will Visit Lambda Chi Colony

Lambda Chi Alpha will be visited tomorrow by their newly appointed traveling secretary, Richard O. Weidenbach.

A discussion will be held on the changing of the Lambda Chi's from a colony to a national chapter.

A committee has also been appointed for the annual all-Greek "Mardi Gras" Dance to be held in February. Those in charge of the dance are Ken Borchert, Art Tesar, Cliff Carmony, Bill Fetterson and Marv Magestretti, chairman of the committee.

English Honorary Club Discuss 'Wastelands'

The meeting of the "Club," Omaha University's English club, was held yesterday in room 100 at 7:30.

Members of the club participated in a discussion of the book "The Wastelands" by T. S. Eliot.

Dr. Ralph Wardle is faculty advisor for the club.

The Church, as an institution, deserves your support, not because it is perfect, but because it strives in the right direction.

Members of Waokiya revised their list of activities and point requirements at their first meeting of the new year, Wednesday. New clubs were added to the membership requirements.

Jane Hoff, president of the senior leadership society, presented an information booklet describing the honorary group. This booklet will be distributed to interested and eligible University women.

Four committees were set up by Miss Hoff. They are executive, Miss Hoff, Leonore Marx, Joanne Larkin and Mrs. Mildred Gearhart; program, Leonore Marx, Miss Frances Holliday, Gloria Olderg and Jean Sabatka; Membership, Jean Sabatka, Charlotte Alberti, Gloria Olderg, Donna Edstrand and Miss Margaret Killian, and project, Joanne Larkin, Miss Nell Ward, Charlotte Alberti, Donna Edstrand and Mrs. Mary Young.

The members will contact those sophomores and juniors eligible for membership in Waokiya during the week of Feb. 16. The honorary will have a window display highlighting its purposes, achievements and qualifications during the week.

New members will be tapped this spring before the annual All-School Sing.

Chesterfield is Best for YOU!

"THEY SATISFY—AND HOW...in school and out, I've been a Chesterfield smoker for 5 years," says John B. Boyce, financial analyst. "They've got what it takes to give me what I want in a cigarette."

John B. Boyce.

COLUMBIA UNIV. '50

— And First to Present

this Scientific Evidence on Effects of Smoking

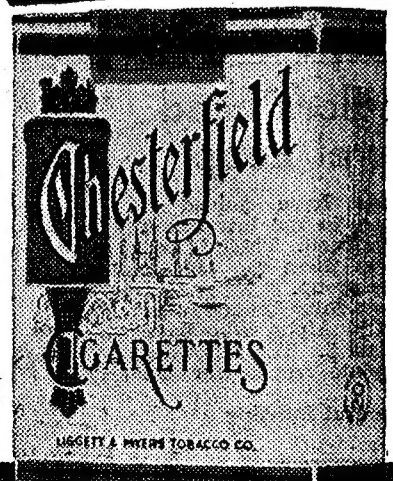

A MEDICAL SPECIALIST is making regular bi-monthly examinations of a group of people from various walks of life. 45 percent of this group have smoked Chesterfield for an average of over ten years.

After eight months, the medical specialist reports that he observed...

no adverse effects on the nose, throat and sinuses of the group from smoking Chesterfield.

CHESTERFIELD—FIRST and only premium quality cigarette available in both regular and king-size.
